

Discover an affordable education

We understand earning a degree is an investment, and we don't want that to keep you from moving forward in your career and life.

We offer many ways to save on your tuition and make your degree affordable – so you can focus on your goals.

Ways to save

Graduation Fund – exclusively at Strayer

Save up to 25% on the cost of your bachelor's or select master's degree with the Strayer Graduation Fund.* For every three courses you pass, earn one on us tuition-free to be redeemed at the end of your program. Eligible bachelor's and master's students are automatically enrolled.

**Eligibility and participation rules apply.*

No-cost general education courses

Save up to \$14,800 on your Strayer bachelor's degree by accessing your general education courses through our affiliate, Sophia Learning.* Learning with Sophia can help you complete general education classes, and then apply them toward a Strayer degree program. Discover how Sophia Learning can get you closer to meeting your goals.

**Savings assumes transferring 10 courses taken at Sophia. Eligibility rules apply. Connect with us for details.*

Transfer credits

Your bachelor's degree could be 70% complete – transfer up to 28 classes to Strayer and finish what you started. We make transferring credits easy with a seamless process, so you can focus on what matters most – earning your degree and creating a future you're proud of.

Scholarships

We want to support your success academically and financially, which is why we offer a number of scholarships to eligible students and alumni. Many of our scholarships can be combined to make your degree even more affordable, helping you focus less on your expenses and more on your degree.

Laptop

Start your bachelor's with a new laptop. We support the success of your academic career, and want to help you get started with the right tools. Enroll in one of our online bachelor's programs and receive a new laptop loaded with Microsoft software. Complete your first three quarters of classes, and the laptop is yours to keep. It's that simple. Focus on your college degree and leave the hardware to us.

Funding your education

We want to help you plan for the future. You'll get a personalized funding plan that will help you estimate your total tuition costs, including fees. You can share the plan to modify with your admissions officer or student services coach.
