

DCC @ Fishkill

DUTCHESS
COMMUNITY COLLEGE

Dutchess Community College's new facility offers a state-of-the-art learning environment, flexible scheduling options and ample parking, as well as the additional convenience afforded by its location at the intersection of Route 9 and Interstate 84.

Serving both traditional students and those starting or returning to college, **DCC @ Fishkill** is a vibrant and transformative teaching and learning environment offering a range of programs for personal, professional and career development. With an enhanced focus on the academic areas of business, hospitality, criminal justice and information technology, the facility also provides a host of student support services including advising and workforce development resources.

The 47,000 square foot DCC @ Fishkill facility features:

- ✓ An expansive administrative area with **flex offices** for student services personnel, including financial aid, registrar, and staff associated with the Academic, Career and Transfer (ACT) Center.
- ✓ Twenty digitally equipped “**smart**” **classrooms** fitted with mobile tables to allow for alternate seating arrangements.
- ✓ An **oversized lecture/classroom** that can accommodate 66 people in a table setup or 90 in theater-style.
- ✓ A versatile and fully equipped **biology lab** designed to allow coursework and lab instruction to take place in the same room. Designed to accommodate high level biology classes, the space features scientific equipment and instruments, including fume hoods and safety apparatus.
- ✓ A **physical sciences lab** that includes a range of benchtop equipment and features a room layout with breakout tables ideally suited to explaining experiments and providing tutorials in small groups.
- ✓ Three **computer labs with pop-up desks** that can accommodate space-saving monitor and keyboard storage.
- ✓ A **computational multi-purpose design lab** that features 36 computers set up in a classroom-style with pop-up tables and six group work areas with additional computers that can be tapped for project work.
- ✓ A **computer classroom with an internal network** that allows courses in **cyber security** and other related classes to work on an independent network.
- ✓ **Two flexible collaborative work rooms** designed for focused study, group learning and everything in between.
- ✓ A **library**, featuring a **laptop bar**, **computer workstations** and soft seating areas.
- ✓ A **tutoring area**, complete with computers and flexible work areas.
- ✓ A placement and high stakes **testing area**.
- ✓ Multiple faculty office areas that offer a combination of **quiet workspaces** and **conversation corners**.
- ✓ **Student lounge area** with seating arrangements that can be reconfigured for individuals or group gatherings.
- ✓ Classroom space to accommodate **high school equivalency (HSE)** and **English as a second language (ESL)** learning and teaching.
- ✓ A **security desk** with full coverage of the DCC @ Fishkill facility with camera footage viewable on-site as well as on the main campus in Poughkeepsie.
- ✓ A **high-speed WiFi** network and internet access throughout the building.
- ✓ The facility is fully compliant with the appropriate **Americans with Disabilities (ADA)** requirements.
