**Connect with a Strayer admissions officer to enroll and learn more.**

\* Savings assumes transferring 10 courses taken at Sophia. Eligibility rules apply. Connect with us for details.

# Save on your degree with no-cost gen eds

We believe pursuing your bachelor's degree should be affordable. That's why we offer access to general education courses through our affiliate, Sophia Learning, when you enroll in a Strayer undergraduate program.

Start these online, self-paced courses as soon as you're enrolled at Strayer – anytime, anywhere.

Work through courses on your own schedule.

No textbooks required – everything you need to complete your Sophia courses is available to you within the course itself.

Take one or two Sophia courses at a time and complete as many as you want per quarter. You'll have 60 days to finish a course once you've started.

Successfully completed Sophia courses will immediately be sent to Strayer for transfer credit toward your degree.

Connect with your student services coach to plan out your course load and get started.
